

LEDinspect FLEXIBLE INSPECTION LIGHT

Inspection lights are a vital part of any professional's toolbox. Under bonnet lamps provide bright light over a wide area to enable professionals to work with maximum visibility. The LEDinspect FLEXIBLE INSPECTION LIGHT allows users to place light exactly where it is required. Our most versatile inspection light, it features removable elastic straps that allow the light to be fitted to areas as wide as 2.1m. The light strip is fully flexible, allowing the light to bend around the workspace. The rotating ends feature strong magnetic connections and USB-C charging.

Product family datasheet

Technical data

	Product information	General Product Information	Electrical Data	
Product description	Application (Category and Product specific)	Global order reference	Nominal wattage	Nominal voltage
INSPECTION LAMP	LED inspection lights	LEDIL416	10 W	5.0 V

	Photometric Data			Physical Attributes & Dimensions
Product description	Color temperature	Nominal luminous flux	Light color LED	Product weight
INSPECTION LAMP	6200-6500 K	1000 lm	White	259.00 g

	Length	Width	Height	LED module information
Product description				Number of LEDs per module
INSPECTION LAMP	1950 mm	32.0 mm	39.0 mm	75

	Lifetime Data	Capabilities	Logistical data	Environmental & Regulatory Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)
Product description	Guarantee	Technology	Watt hour per battery	Date of declaration
INSPECTION LAMP	2 years	LED	8.14	24-10-2024

Product description	Declaration no. in SCIP database
INSPECTION LAMP	In work
