

# Lightbar SX500-SP

Robust LED auxiliary light with powerful light output

### Compact housing design

Compact mounting dimensions enables a wide range of possible applications

### Lighting distance up to 370 meters

Increased far field illumination

### Spot Beam

Highly concentrated light beam

## Product family datasheet

### Durable LED power for improved road safety

Intelligent lighting technology meets a long lifespan with the LEDriving Lightbar SX500-SP driving light. With a lifespan of 5000 hours, the LED auxiliary light with certified approval provides increased and long-lasting safety on the road. With an illuminance of one lux, the beam from the LED auxiliary light can reach up to 360 meters with a beam angle of eight degrees. The 18 high-performance LEDs produce a brightness that is especially beneficial for drivers on unlit streets and in difficult visibility conditions. The intelligent reflector design of the LED bar for automobiles provides very high optical efficiency with uniform light distribution and reduced glare for oncoming traffic. Reduced glare in particular counts as another important aspect of road safety. But the light output from the 3900 lumen LED high beam isn't the only feature that gives the light its appeal: It also enhances the off-road look of the vehicle. Durable LED driving light for safe driving pleasure. Daily use demands quite a bit from the material used. The LED auxiliary lights are therefore equipped with a long-wearing polycarbonate lens. The driving light also works in extreme air temperatures ranging from -30 to 60 degrees Celsius. An integrated driver and thermal management system regulates heat generation during operation and protects the 18 high-performance LEDs from possible overheating. Over and under voltage protection automatically breaks the circuit when power exceeds the predetermined current for a specified amount of time. This practical function provides added protection from operational damage. The LEDriving Lightbar SX500-SP LED bar is suitable for cars, 4x4 and off-road vehicles and for utility and industrial vehicles. Thanks to compact mounting dimensions, even agricultural vehicles can benefit from the intense brightness of the LED auxiliary light.

## Product family datasheet

### Technical data

	Product information	General Product Information	Electrical Data		Photometric Data
Product description	Application (Category and Product specific)	Global order reference	Nominal wattage	Test voltage	Nominal luminous flux
Lightbar SX500-SP	Additional high beam application	LEDDL107-SP	46.00 W	13.5 V	3900 lm

	Lifetime Data	Capabilities	Certificates & standards	Logistical data
Product description	Lifespan Tc	Technology	ECE reference number	Commodity code
Lightbar SX500-SP	5000 hr	LED	30	85122000900

Environmental & Regulatory Information Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)				
Product description	Primary article identifier	Candidate list substance 1	CAS No. of substance 1	Safe use instruction
Lightbar SX500-SP	4052899595453	Lead	7439-92-1	The identification of the Candidate List substance is sufficient to allow safe use of the article.

Product description	Declaration no. in SCIP database
Lightbar SX500-SP	eeac3b9f-f23a-4a88-b6b0-a2deeedd97cf

### Legal advice

In vehicles with 12/24 volts, auxiliary lights must be installed in pairs  
Precise terms and conditions at:
