

Reversing FX120S-WD

ECE certified (ECE R23)

No registration in the car documents required

45° beam angle

Widely spread light beam

Up to 36 m long light beam

See and be seen with OSRAM

on-road & off-road

- Versatile applicable and flexible in use- On-road & off-road, at work and in the spare time

Bringing light to life with OSRAM LEDriving driving and working lights

Considerable foresight on dark country roads, forest paths off-road and on-road- this can be achieved with the OSRAM LEDriving Reversing FX120S-WD reversing lights. With its 13 powerful, high-performance LEDs, the LED reversing light has a range of up to 36 meters and thus offers the driver impressive foresight on-road and off-road. Even in dim light and reduced visibility due to external environmental influences, the OSRAM LEDriving Reversing FX120S-WD reversing light with up to 6000 Kelvin can provide conditions similar to daylight. The powerpackage with up to 1100 lumens of luminosity scores with highest optical efficiency and homogeneous light distribution. This results in the possibility of an improved view for you and the improved visibility of your vehicle by other road users, and consequently also increased safety on-road and off-road. Whether on-road or off-road - the OSRAM LEDriving Reversing FX120S-WD reversing light impresses with its powerful performance and long service life. Versatile applicable, it defies numerous environmental influences and, thanks to high-quality materials such as the thermoplastic housing and the stable polycarbonate lens, it is particularly light and at the same time robust and resistant. The LEDdriving FX120S-WD reversing light has been tested and validated with the IP-Protection Class IP69K in our DIN certified environmental simulation laboratory for extreme external influences regarding water, dust, impacts, heat, cold and permanent vibration. The integrated driver and the thermal management system regulate the temperature of the LED reversing light and can thus prevent damage from overheating. The polarity protection inhibits the wrong polarity of the voltage supply and can thus prevent possible damage by automatically switching off the LEDs. On-road and off-road, the OSRAM LEDriving Reversing FX120S-WD reversing light is an effective addition to your vehicle. No registration or entry in the vehicle documents is necessary for these ECE-certified LED reversing lights. The LED reversing light can be attached to cars, trucks, agricultural machinery, farm machinery, commercial vehicles, construction vehicles, caravans, off-road vehicles and quads. The OSRAM LEDriving Reversing FX120S-WD reversing lights are versatile applicable and flexible in use.

Product family datasheet

Technical data

	Product information		Electrical data		Photometrical data	Lifespan
Product description	Order reference	Application (Category and Product specific)	Nominal voltage	Nominal wattage	Luminous flux	Lifespan Tc
Reversing FX120S-WD	LEDDL109-WD	Additional reversing light	12/24 V	15.00 W	1100 lm	5000 h

	Capabilities	Certificates & standards			
Product description	Technology	Standards	Approval marks – approval		Type of protection
Reversing FX120S-WD	LED	ECE R10, R23	E9 approval		IP69K

	Logistical data	Environmental information Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)			
Product description	Commodity code	Date of Declaration	Primary Article Identifier	Candidate List Substance 1	
Reversing FX120S-WD	85122000900	16-02-2024	4062172105736	Lead	

Product description	CAS No. of substance 1	Safe Use Instruction	Declaration No. in SCIP database
Reversing FX120S-WD	7439-92-1	The identification of the Candidate List substance is sufficient to allow safe use of the article.	df64e01b-d4a4-44cf-94e6-1565e54b3349
