

LEDguardian ROAD FLARE Signal V16

LEDguardian warning- and safety lights

V16-Certified
LED warning light

360° rotating warning light
Improved visibility and
therefore increased safety for
you and others on the road

1 x 9V Battery included
Operational readiness

Magnetic mounting
Due to the magnetic function
the LED warning light can be
conveniently attached to the
car

Light is safety. See better and be seen better with OSRAM.

Be prepared - with OSRAM LEDguardian warning and safety lights. The OSRAM LEDguardian ROAD FLARE Signal V16 is an LED warning light approved according to V16 regulations. The yellow-orange warning light function of the OSRAM LEDguardian ROAD FLARE Signal V16 rotates through 360 degrees and is visible from a long distance. In an emergency, it can provide crucial information about a dangerous situation in road traffic. In contrast to the warning triangle, it draws the attention of other road users to an unusual situation in traffic by actively flashing, distinguished from the simple reflection of a warning triangle. With 12 long-life high-power LEDs with up to 140lm and 2000K, you can draw attention to yourself by day and night and, as a preventive measure, also make other road users aware of a dangerous situation such as a breakdown vehicle in traffic. The compact design allows you to store the warning light within easy reach in the car and, if necessary, the magnetic function allows it to be quickly and easily attached directly to the vehicle roof. A further advantage is that the OSRAM LEDguardian ROAD FLARE Signal V16 can be used immediately thanks to the battery included in the scope of supply. The LEDguardian ROAD FLARE Signal V16 has been tested and validated in our DIN EN ISO/IEC 17025 certified environmental simulation laboratory for extreme external influences in terms of water, dust, heat, cold and impacts from falls. With the IP protection class IP54, the OSRAM LEDguardian ROAD FLARE Signal V16 is insensitive to water, dust and shocks. OSRAM offers a 2-year warranty* on this product.

Product family datasheet

Technical data

Product description	Product information		Electrical data		Photometrical data	
	Order reference	Application (Category and Product specific)	Nominal wattage	Nominal voltage	Color temperature	Light color LED
LEDguardian	LEDsL102	Warning and safety lights	6.00 W	9.0 V	2000 K	Orange

Product description	Dimensions & weight				Colors & materials	Lifespan
	Length	Height	Width	Product weight	Base color	Guarantee
LEDguardian	83.0 mm	57.0 mm	83.0 mm	110.00 g	Orange	2 years

Product description	Additional product data		Capabilities	Environmental information Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)
	Scope of battery	Type of Battery	Technology	Date of Declaration
