# **OSRAM**

# XENARC NIGHT BREAKER 220

Up to 220% more brightness1)1)
Compared to minimum ECE R98R99.
requirements.

More light allows to see farther and therefore react sooner compared to the minimum legal standard

Up to 250 m long beam

For better visibility

Up to 20% whiter light1)1) Compared to minimum ECE R98R99 requirements.

More modern look compared to the minimum legal standard

### The most powerful xenon light from OSRAM

XENARC NIGHT BREAKER 220 is the brightest OSRAM xenon light. This powerful lamp with efficient xenon technology ensures a better visibility on the road: up to 220% more brightness compared to the minimum legal standard. More light allows to see further and therefore react sooner. Added to this is the up to 250 meter long beam and up to 20% whiter light for more modern look (compared to the minimum legal standard). Discover the pure performance of XENARC NIGHT BREAKER 220 - the most powerful xenon light from OSRAM, available in D1S, D2S, D3S and D4S. Please note: XENARC lamp change is recommended to be carried out by a professional and in pairs.

#### Safety advice

XENARC lamps should be replaced by a qualified mechanicThis product must only be operated with approved electronic control gear

#### Legal advice

Light output compared to the minimum ECE R112/R37 requirements This product must only be operated with approved electronic control gear XENARC lamps should be replaced by a qualified mechanic Reduced UV emission | For projection headlights | ECE approval and DOT label  $\pm$  450 lm

#### **Application advice**

For more detailed application information and graphics please see product datasheet.
